

Staging Information for Hank & Shaidri performing as a Duo

We offer two vocals and two instruments.

We carry an Audix OM-5 and clip for Shaidri, and a Sennheiser MD431 and clip for Hank.

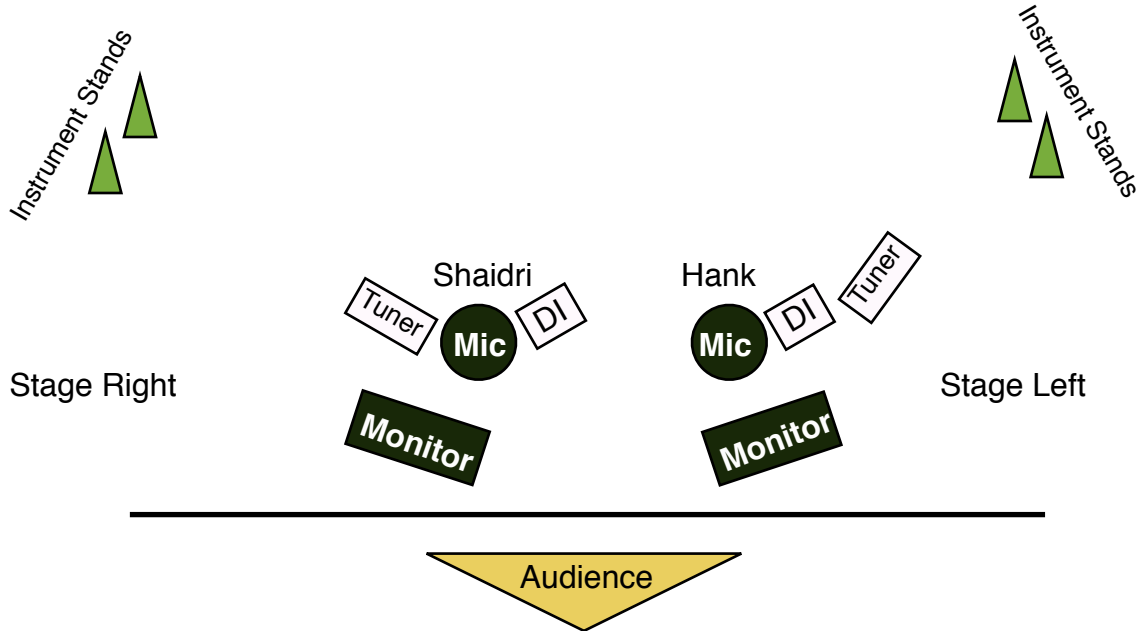

We carry two Red-Eye Twin acoustic instrument preamps with XLR outputs.

Shaidri will plug guitar and fiddle into one Red-Eye;

Hank will plug guitar and mandolin into the other.

We like matching monitor mixes, so we're both listening to the same mix, and not loud. Our acoustic instruments don't like loud.

We set up as presented below.

***We are looking forward to working with you.
